A. State Assurances and Findings. The State assures that it has made the following findings:

1. 447.253 (b) (1) (i) - The State pays for long-term care facility services through the use of rates that are reasonable and adequate to meet the costs that must be incurred by efficiently and economically operated providers to provide services in conformity with applicable State and Federal laws, regulations, and quality and safety standards. ✓

2. With respect to nursing facility services --

a. 447.253 (b) (1) (iii) (A) - Except for preadmission screening for individuals with mental illness and mental retardation under 42 CFR 483.20(f), the methods and standards used to determine payment rates take into account the costs of complying with the requirements of 42 CFR part 483 subpart B. ✓

b. 447.253 (b) (1) (iii) (B) - The methods and standards used to determine payment rates provide for an appropriate reduction to take into account the lower costs (if any) of the facility for nursing care under a waiver of the requirement in 42 CFR 483.30 (c) to provide licensed nurses on a 24-hour basis. ✓

c. 447.253 (b) (1) (iii) (C) - The State has established procedures under which the data and methodology used to establish payment rates are made available to the public. ✓

3. 447.253 (b) (2) - The proposed payment rate will not exceed the upper payment limits as specified in 42 CFR 447.272:

a. 447.272 (a) - Aggregate payments made to each group of health care facilities (hospitals, nursing facilities, and ICFs/MR) will not exceed the amount that can reasonably be estimated would have been paid for those services under Medicare payment principles. ✓

4. 447.253 (g) - The State provides for periodic audits of the financial and statistical records of participating providers. ✓
5. 447.253 (h) - The State has complied with the public notice requirements of 42 CFR 447.205. ✓
